

Contents.

1. Introduction.....	7
2. International Context.....	8
2.1. Production, Trade and Processing.....	8
2.2. International Prices.....	12
3. National Context.....	16
3.1. Production, Trade and Processing.....	16
3.2. Cocoa prices in Ecuador.....	18
3.3. Ecuadorian Policy Framework for the Cocoa Sector.....	18
3.4. Issues about quality.....	19
3.4. Prices in Ecuador.....	22
4. Theoretical Background and Methods.....	24
4.1. Introduction.....	24
4.2. The transmission of world agricultural prices.....	24
4.3. Price transmission in cocoa.....	25
4.4. Quality and price transmission linkages.....	26
4.5. The statistical tests.....	26
4.5.1. Stationarity.....	27
4.5.2. Unit root test.....	27
4.5.3. Cointegration.....	28
4.6. The methods.....	30
4.6.1. The vector autoregressive (VAR) and the error correction model (ECM).....	30
4.6.2. Model specification.....	31
4.6.3. Residual analysis.....	32
5. Data analysis and discussion.....	33
5.1. Basis of the analysis.....	33
5.3. The analysis of the time series.....	36
5.3.1. Stationarity and cointegration tests.....	36
5.3.2. The Error Correction Models.....	38
5.3.2.1. Model for the international and export price of cocoa.....	40

5.3.2.2. Models between the international price and the export price by qualities	42
5.3.2.3. Model between the export and producer price in Ecuador	48
5.3.3. General discussion of the models	51
5.3.4. Residual Analysis	51
5.3.5. Shortcomings of the models and alternatives	52
6. Conclusion.....	53
7. References	54

List of Figures

Figure I: World Cocoa Bean Production, Grinding and Surplus/Deficit.....	11
Figure II: Surplus / Deficits of cacao output and international prices	13
Figure III: Stock to Grindings ratio and international cocoa prices.....	14
Figure IV: Production volume and harvested area of cocoa in Ecuador.....	17
Figure V: Cocoa exports by quality of cocoa (ASE, ASS, ASSS).....	22
Figure VI: Evolution of the international, export and producer price of cocoa January 1997 - June 2008.....	34
Figure VII: Export prices for different qualities of cocoa (ASE, ASS, ASSS) January 1997 - June 2008)	35

List of Tables

Table I: World Cocoa Production (000 tonnes).....	8
Table II: Net exports of cocoa by country (000 tonnes)	9
Table III: Net imports of cocoa by country (000 tonnes)	10
Table IV: Cocoa grindings by country (000 tonnes).....	11
Table V: Harvested area, production, yields and export of cocoa in Ecuador	15
Table VI: Main importers countries of Ecuadorian Cocoa.....	16
Table VII: Variables in the time series analysis.....	33
Table IX: Johansen Cointegration Test Result.....	37
Table X: Result for the ADF Test	35
Table XI: Residual Analysis.....	50
